# JANE'S VINEYARD ROSÉ OF PINOT NOIR

**VINEYARD** Fruit is hand-harvested from Jane's Vineyard in the Santa Rosa Plains neighborhood of the Russian River Valley. This small area tends to enjoy the very best of the iconic local climate: never too hot during the day, and consistently chilly at night. Jane's Vineyard shows superior vine balance thanks to its well-drained, shallow and low vigor soils.

**STYLE** Winemaking is light-handed with timely and deliberate choices made to craft a wine that genuinely reflects the vineyard and vintage. This Rosé has bright aromas and flavors, fresh acidity, and a clean finish, which is due to selecting exceptional blocks of fruit, and then picking early in the season when the acidity is naturally high and the sugars are low.

**FOOD PAIRING** Pair this Rosé with creamy goat cheese, grilled fish or fresh oysters on the half shell.
