VIRGINIA'S BLOCK SAUVIGNON BLANC

VINEYARD The Garfield Block of Jane's Vineyard in the Santa Rosa Plains neighborhood of the Russian River Valley is a great patch of ground for producing distinctive Sauvignon Blanc. There's a special 5 acres there that we call Virginia's Block, as a tribute to Davis Bynum's wife. This block has stony, clay based soils made of shallow, fast draining Huichica loam.

STYLE This single vineyard Sauvignon Blanc reflects a more elegant style with exceptional balance. On the palate the wine hints of tropical fruit, melon and an underlying citrus note that finishes with a bright, crisp acidity.

FOOD PAIRING Mild, creamy cheeses, fresh green salads, salmon and oysters or other shellfish will pair nicely with this Sauvignon Blanc.
